RETIRE SMART PLUS

ريٽائر اسمارٽ پلس

It's been a good life and it's about to get better! Retirement is the time you can take that vacation of your dreams without worrying about how much work is waiting for you when you get back. Celebrate your life with **RetireSmart Plus**, the plan that lets you spend your golden years in style. Whether you want to take that world tour or finally buy that luxury car, this is the time when you can make your lifelong dreams come true.

ULTIMATE SOLUTION FOR ALL!

Retirement Benefit at Maturity

At your selected retirement age (Minimum Retirement age is 55 years), **RetireSmart Plus** lets you receive the Accumulated Cash Value. This plan also gives you an option to use the **Accumulated Cash Value** of your fund to get yourself enrolled for a Pension for Life Program so that you can benefit from a steady stream of income throughout your life.

Family Shield (Life Insurance Benefit):

Having a family is a blessing that you cherish. You want to keep them close and give them every comfort that they desire. You want to be certain that your family faces no trouble in case of any eventualities.

RetireSmart Plus provides a Family Shield under which your family can receive Sum Assured or Cash Value (whichever is higher) in case you are no more there to provide for them.

Determining your Life Insurance Benefit:

You can determine the Sum Assured by multiplying your annualized basic premium amount by the cover multiple (offered from 10 - 25) depending on your financial needs. For example, if your annual basic premium contribution is PKR 150,000 and you have selected a cover multiple of 10, your total Sum Assured would be $150,000 \times 10 = 1,500,000$.

Note: The range of cover multiple available to the policy holder varies with the age at entry of the life assured.

Built In Benefits

Accidental Death:

Life is full of uncertainties. If God forbid, you are no longer there to be the support system of your family due to a fatal accident,

RetireSmart Plus offers **Accidental Death Benefit**. This benefit provides an additional amount equal to one time of Sum Assured to the nominee (s) of the policy holder to offer a helping hand to your family and loved ones.

Value Added Features:

Critical Illness Benefit:

In case you are diagnosed with a Critical Illness, this benefit will advance the Sum Assured payable in case of death and will help you cope up with treatment expenses so that you can easily make it through this tough time without worrying about financial concerns.

Permanent Total Disability:

Ever thought how your dear ones will survive if you suffer from a casualty that gets you bedridden and you are not able to earn for a living. **RetireSmart Plus** provides an answer to all your worries and advances the benefit payable on death in case the policy holder suffers with permanent total disability.

Waiver of premium:

y. If you are unable to work because of sickness and disability for at least 6 months, Jubilee Life will pay your **RetireSmart Plus** premiums from the next due date so that there is no lapse in your payments and your Cash Value can increase over time to ensure you peace of mind in your later years.

Family Income Benefit:

RetireSmart Plus provides you the option of Family Income Benefit that ensures that your family is able to maintain their standard of living even when you are not able to earn a living for them in case of your death. Under this benefit, your family receives an additional stream of regular income in addition to other benefits of this plan.

Hospitalization Cash Reimbursement:

Rising health care costs is a dilemma for a common man. A large medical expense can put you and your family under severe financial pressure. Under this rider, a daily benefit is paid if the life assured is confined to a hospital. The benefit payable is doubled in case of any of the specified Critical Illnesses. In case of confinement to ICU, additional 50% of the daily hospitalization benefit will be paid. Spouse and children can also be covered under this benefit.

Channelizing your investments

RetireSmart Plus assists you to save money periodically so that you enjoy a comfortable life with your loved ones when you retire. It presents you four options to invest your savings. You can choose to invest your savings in any of the four funds or split them across more than one option. You can make four free fund switches every policy year depending on the performance of funds and your investment needs.

Managed Fund	A balanced income Fund
Meesaq Fund	An interest free Fund
Yaqeen Growth Fund	A fund designed to provide steady returns with minimum risk of capital erosion
Capital Growth Fund	The objective of the fund is to maximize returns to policy holders by investing in a diverse portfolio of asset-backed investments such as shares, term finance certificates and bank deposits

Boosting your investments

Times are not always the same. You may enjoy extra flow of money in some years. Instead of increasing your spending, you can save the money by topping up your regular investments and benefit in those times when you will no longer be working. These contributions would be invested in the Unit Account at the then prevailing offer price.

Continuity Bonus

For continuing your plan (without any breaks) for a period of more than five years, you will be entitled to a Continuity Bonus. This will be in the form of extra units being allocated to your unit account each year. Continuity Bonus increases, the longer you continue your plan. These extra units will help your cash value to grow at a faster pace.

The extra unit allocation, as a proportion of basic plan premium is as follows:

Policy Years	Allocation %
6 to 10	3%
11 to 15	5%
16 to 19	8%
20 & Onwards	10%

This extra allocation is in addition to the basic allocation of units.

Combating Inflation

As inflation is increasing, the protection amount today may not offer you the same value after some years. **RetireSmart Plus** helps you combat the effects of inflation with increases in your premium and Sum Assured so that your protection also grows with the same pace making you secure even when the value of money will be much less in years to come. You, however have the right to continue with the same terms or conditions or choose a lower increase as per your choice.

Emergency Fund Benefit

When ever you require extra funds to suffice a need, **RetireSmart Plus** lets you make a partial withdrawal from your policy and you can also continue to enjoy the life insurance benefits as long as the determined minimum amount of 1 50,000 (the residual cash value floor may be reviewed by the company). This facility is available after completion of two policy years given two years full premiums have been paid.

Policy Cessation

You may wish to use your investment to meet short term goals and surrender your policy. **RetireSmart Plus** lets you use your Cash Value for any immediate obligations and discontinue your policy after two years, provided that you have paid premiums in full for two years. If you continue to invest over a prolonged period of time, you can benefit with higher Cash Values in later years.

Note: Surrender in early policy years may lead to lower cash values.

Salient Features

Mode of Payment: Annually, Semi Annually, Quarterly, Monthly
Entry Age: 18 - 55 Years
Minimum Premium: Rs 150,000 annually
Available Term Range: 10- 57 years
