Funds Management

The premiums paid are invested in fund(s) of your choice & units are allocated depending on the price of units for the fund(s). The value of your policy is the total value of units that you hold in the fund(s).

The funds are managed by expert investment managers with a view to optimize medium to long term returns balanced with risk.

Investment Options

Jubilee Life currently offers you a choice of the following four funds. You can choose to invest fully in any one fund that suits your investment needs or split your premium between options available.

Managed Fund	A balanced income Fund
Meesaq Fund	An interest free Fund
Yaqeen Growth Fund	A fund designed to provide steady returns with minimum risk of capital erosion
Capital Growth Fund	The objective of the fund is to maximize returns to policy holders by investing in a diverse portfolio of asset-backed investments such as shares, term finance certificates and bank deposits.

Flexibility to Manage your Investments

We offer you the flexibility to manage your investments. You can either allocate the entire premium into one of the funds or split your premium between multiple funds that are available. Subsequently, depending on the performance of funds, you can switch between funds. We allow you four free switches every policy year. Charges would be applicable from the fifth switch and will be deducted from the Cash Value / Unit Account prior to the switch.

Investment Top Ups

You may have extra funds available with you at any stage. You can top up your regular investments under this plan by making ad hoc premium payments. These contributions would be invested in the Unit Account at the then prevailing offer price.

Combating Inflation

Your Sum Assured and premium increases automatically every year up to the limit specified by the company without any medical investigations. You, of course, retain the right to decline this increase and continue your plan on the same terms and conditions as before or choose a lower increase according to your needs.

Continuity Bonus

For continuing your plan (without any breaks) for a period of more than five years, you will be entitled to Continuity Bonus. This will be in the form of extra units being

allocated to your unit account each year. With these extra units, your investment fund will grow at a pace faster than what you are paying at.

Withdrawal Options

Under Secure Life Plan, you have the ability to withdraw your funds (either fully or partially) after the completion of two policy years, provided you have paid premiums for two years.

- **Partial Withdrawal** - If you need to withdraw cash for meeting some emergency needs, but do not want to surrender the policy, you can withdraw any amount provided that the residual cash value of your policy after withdrawal is greater than or equal to Rs. 20,000 (the residual cash value floor may be reviewed by the company).
- **Full Policy Surrender** - After the completion of two policy years (given that two years' complete premiums have been paid), you can surrender your policy. At the time of surrender, you will be paid in full the Cash Value of your fund. However, surrender in early policy years may result in lower cash values.
