Death Benefit

Sunehra Aghaz assures your family a guaranteed level of life insurance protection while you save for your ambitions. In the unfortunate case of death, your loved ones will receive the Sum Assured or Cash Value, whichever is higher. You can determine the Sum Assured by multiplying your annualized basic premium amount by the cover multiple (offered from 3 to 254)* depending on your savings and insurance needs. For example, if your annual basic premium contribution is PKR 100,000 and you have selected a cover multiple of 10. Your total Sum Assured would be 100,000 x 10 = 1,000,000.

*The range of cover multiples available to the policy holder varies with the age at entry of the life assured and underwriting outcomes.

Note: For better understanding of selecting the required coverage according to your savings & insurance needs, you may contact our

representative at your nearest Summit Bank Branch.

Combating Inflation

In order to combat inflation, you have an option to select indexation in your policy. Selection of this option will increase

your premium automatically each year by a limit specified by the company.

However, you retain the right to cancel the indexation if you wish.

Continuity Bonus

If you continue your plan without any breaks for more than 4four years, you will be entitled to Continuity Bonus. This will be in the form of extra units being allocated to your unit account each year with each of your subsequent basic premium payments. With these extra units, your investment fund(s) will grow at a pace faster than what you are paying at.

- Partial Withdrawal- If you need to withdraw cash for meeting some emergency needs, but do not want to surrender the policy, you can withdraw any amount provided that the residual cash value of your policy after withdrawal is greater than or equal to Rs. 24,000 (the residual cash value floor may be reviewed by the Jubilee Life). Your sum assured will be reduced by the amount of partial withdrawal.
- Full Policy Surrender- After the completion of two policy years (given that two years’ complete premiums have been paid), you can surrender your policy. At the time of surrender, you will be paid in full the Cash Value of your fund. However, surrender in early policy years may result in lower cash values.
