

CARDIAC SAVINGS PLAN

DIL SE... DIL KAY LIYE!

Life is full of responsibilities and as a responsible individual you aspire to build a financially secured life for your loved ones. Every day we face hurdles in managing our finances due to rising costs of living such as children's education and marriage expenses, purchase and rental of house, buying a car and household expenses.

In addition to routine expenses, a huge risk of expenses being incurred is related to our health and amongst our health issues the most important and vulnerable is our HEART. According to Pakistan Cardiac Society, Cardiac diseases account for around 35 to 40 per cent of the total disease burden in Pakistan. Lack of awareness about lifestyles, food habits, body weight, and the importance of exercise and deep sleep are the major reasons behind the increase in cardiac diseases in the country.

If an illness like cardiac disease unfortunately occurs, there is a huge financial burden on us for getting the treatment required for sustaining a healthy life. In times of inflation when health care costs are rising, cardiac diseases may not only lead to mental suffering for the family, but can also negatively affect the finances. If the cardiac disease results in an expensive diagnosis or procedure, the consequences can be even more severe and devastating.

Jubilee Life Cardiac Savings Plan is a unique and exclusively designed plan by Jubilee Life for individuals who want to safeguard their family's future by significant life insurance coverage and investment returns on savings. In addition to these benefits, there is an ample amount that is paid to treat various major and minor cardiac diseases. So not only your HEART is protected, but your family's lifestyle and future is also safeguarded with hefty savings.

Features

- A life insurance amount, which will be paid to your family or loved ones in case of your death (May God forbid).
- Your savings are invested in funds of your choice.

- Built-in Cardiac Financial Assistance Benefit to provide significant coverage for various cardiac related treatments.
- Choice of various optional benefits and riders to enhance your coverage.
- Option to invest your extra savings and top up your investments at any time during the term of your policy.

Protection for You

With Jubilee Life Cardiac Savings Plan, you and your family is financially protected in the following way:

There is significant life insurance coverage available for you to choose from. Whereby your family will receive the death benefit as much as 254* times of your annual premium or the cash value of your policy, whichever is higher, in the unfortunate case of your death.

**The range of cover multiples available to the policy holder may vary with the age of the life assured and depends upon underwriting policies of Jubilee Life.*

In addition to life insurance coverage, your premium is allocated in the investment funds of Jubilee Life which provide you sound investment returns over the term of the plan. You can also withdraw and use those funds if you require at an early stage*. At maturity of the plan, you can use the funds for your financial need.

Funds Management

Jubilee Life offers you a choice of following funds for contributing your basic premiums for savings:

Managed Fund

The objective of the fund is to maximize capital appreciation by investing in a balanced portfolio of a wide range of shares, government and other fixed income securities and cash deposits.

Yaqeen Growth Fund

The objective of the fund is to provide an opportunity to investors who prefer low risk with reasonable returns from a portfolio of highly liquid investments with minimal exposure to market fluctuations.

Meesaq Fund

The objective of the fund is to provide an opportunity to investors who want interest free returns. The instruments in which Meesaq Fund invests

are selective stocks, sukuk bonds, short-term deposits of Islamic banks, Islamic mutual funds and fixed income funds of Islamic banks and other valid interest-free investments.

Capital Growth Fund

The objective of the fund is to maximize returns to policyholders by investing in a diverse portfolio of asset-backed investments such as shares, term finance certificates and bank deposits.

You can either choose to allocate the entire basic premiums into one of the fund or split your cash value between multiple funds that are available. Jubilee Life allows you four free switches every policy year. You may redirect your basic premiums or split your cash value keeping in view your risk appetite.

Charges would be applicable from the fifth switch and will be deducted from the Cash Value / Unit Account prior to the switch.

Ad hoc Payments

This benefit provides the flexibility to top up your savings by depositing surplus funds into your plan to enhance your cash value.

Access to Savings

You can withdraw your funds (either fully or partially) after the policy has been In-Force for two complete policy years, and two full policy years' premiums have been paid.
