Step 2	Choose the best coverage for your needs from the given options.
Step 3	Select any of the optional insurance benefits to enhance the plan.

Am I eligible for Rehnuma Plan and what is the available term range?

If you are 18 years to 65 years old, you are eligible to avail the Rehnuma Plan. The available term range is 10 to 57 years (subject to maturity at 75 years).

What protection does Rehnuma Plan offer?

Rehnuma Plan is especially designed to help meet personal, academic and career milestones of your children, while insuring the family against the untimely death of the life assured during the term of the plan.

• Death Benefit

Rehnuma Plan is a flexible plan that gives you the ability to select the sum assured of your choice.

You can determine the sum assured by multiplying your annualised basic premium amount by the selected cover multiple (offered from 5 to 254), depending on your savings and insurance needs. For example, if your annual basic premium contribution is Rs. 30,000 and you have selected a cover multiple of 40, your total sum assured would be Rs. 30,000 x 40 = Rs. 1,200,000*

*Terms and Conditions apply.

If the life assured expires during the term of the plan, his/her beneficiaries will be entitled to the sum assured, or the cash value, whichever is higher.

- **Maturity Benefit**

At the end of the term of the plan, the policy holder will receive the cash value accumulated during the term of the plan.
