### Maturity of the Plan

Upon successful completion of the chosen term, the policyholder will receive the accumulated cash value of the funds invested.

If you are aged 55 years or above at maturity, you have the option to use the accumulated cash value of your fund and enroll for a monthly pension for life (determined at the time of plan maturity).

## Benefits

Apart from the standard applicable benefits such as protection and investment, Amaan Plan also gives you additional benefits, and the liberty to choose from various optional insurance benefits, based on your goals and financial capabilities.

For receiving benefits and sum assured, you can nominate an immediate family member as beneficiary.

## Additional benefits

- 1. Automatic Cover Maintenance:** After two years of paying the premium, in case you cannot meet your premium payments, you will still be eligible for the life insurance cover, as long as your plan's cash value is sufficient to pay for charges made against your policy.
- 2. Adhoc Premium:** If you have any extra funds available at any stage, you can place them as investments under Amaan Plan in any of the funds of your choice. Adding adhoc will enhance your cash value.

## Optional Benefits

- 1. Accidental Death Benefit:** An additional amount will be paid to the nominated beneficiaries in case of accidental death of the policyholder.
- 2. Waiver of Premium:** Jubilee Life Insurance will pay for your future premiums from the next due date in case you are unable to maintain your current occupation or any other occupation (that can be pursued with suitable knowledge, training or education) for at least 6 months because of an illness or disability.
